

What's needed to obtain a disabled parking placard or license plate?

You need to submit your request for disabled parking placards or plates either:

By mail:

Virginia Department of Motor Vehicles
P. O. Box 85815
Richmond, VA 23285-5815

OR

In person at any DMV customer service center

1. You have to submit a completed Disabled Parking Plates or Placard Application, [MED 10](#).

2. Your application must include your physician's, physician assistant's, podiatrist's, chiropractor's or nurse practitioner's certification of your disability.

- Podiatrists and chiropractors may only certify for the conditions or disabilities listed in the certification section provided for them on the [MED 10](#) form.

- If you are a disabled veteran you must have your application/MED 10 form signed by a medical professional who is authorized to certify your disability along with a Veteran's Certificate of Disability, [VSA 54](#), signed by the Veteran's Administration, and the License Plate Application, [VSA 10](#)

OR

- The [VSA 54](#) form only, signed by both a medical professional to certify your disability and by the Veteran's Administration to qualify you for the plate, along with the License Plate Application, [VSA 10](#).

What are the fees?

Veterans with a qualifying disability are exempt from annual registration fees and are entitled to plates for one motor vehicle that is owned and used personally by the veteran.

Temporary and permanent placards for citizens cost \$5. With the required certification, a person with a valid, un-expired license plate may obtain the International Symbol of Access at no additional charge.
